

FACILITATOR TRAINING

Leaders following Jesus in building disciplemaking movements

SHIFTm2M has been an exciting journey over the past 13 years. We are thankful to the Lord for all the people in Christian communities around Australia and beyond who have taken the next step in becoming disciplemaking movement builders.

SHIFTm2M would not be possible without passionate facilitators. They are the ones who form new SHIFTm2M groups and influence other leaders to apply disciplemaking principles in their ministry context. We are running SHIFTm2M Facilitator Training in Sydney this February.

If you are a Facilitator already, we have a revised edition of SHIFTm2M for 2024 so we recommend all current facilitators attend to get familiar with the new material and refresh their skills.

If you are not a facilitator yet, you know the value of the SHIFTm2M experience - going on that journey with a group of leadership peers. We want to invite you to prayerfully consider becoming an official SHIFTm2M facilitator with the view of recruiting to and running SHIFTm2M groups with leaders in your network.

Facilitators can use SHIFTm2M officially as an extension of their own ministry within their organisation (church/denomination/mission) as well as in partnership with other facilitators for cross-denominational or cross-sector groups. For example, the groups you experienced were run as a partnership with Power to Change, Ambassadors for Christ International - Australia, New Church Life, Emerging Leaders, the Salvation Army, and more. This is a very strong model and a lot of fun sharing with leaders as peers in partnership.

Training is required to become a facilitator and is followed by co-facilitating a group with another experienced facilitator. After that you are free to initiate and facilitate to your hearts content as many groups as serve your purpose. We ask that facilitators conduct at least one group through the process every two years to maintain accreditation. Accredited facilitator's costs are covered in each

SHIFTm2M group they are involved in so there is no ongoing expense involved making it effectively cost neutral. There is a small fee for materials for the two days of facilitator training (details below).

Facilitator Training involves two days of input and a little preparation including some reading and a completed arrow chart.

Each participant will receive the following resources:

- Facilitator Guide
- Current Movement Building Manual
- A3 Arrow and Ramp Charts
- A1 Laminated Arrow Chart and wet erase marker
Not included for returning facilitators

We're looking forward to a time of rich interaction with like minded leaders passionate about launching disciplemaking movements.

Training Details
