disciplemaking churches conference

Inspiring leaders to pursue disciplemaking movements

You're invited to Multiply! Turn your vision for disciplemaking into a practical reality by joining us for the 2026 Disciplemaking Churches Conference.

Explore simple frameworks based on principles from the life of Jesus that you can use in your context. Discover how these frameworks are being implemented at Sydenham Baptist and New Peninsula Baptist Church. Cultivate new connections with leaders from across the Body of Christ, be inspired, and share your experience with peers.

Multiply is ideal for denominational and regional leaders, pastors, ministry leaders, ministry teams, and para-church leaders focused on developing disciplemaking movements. This is not so much a conference as it is a community of practice and peer learning. You will leave with practical steps for building a disciplemaking movement.
